Recreation

Recreation is indispensable to the lives of people young and old, and to the enhancement of community life. This Bureau is committed to providing positive and productive programs and services with trained and certified recreational staff.

Approximately 1000 acres of municipal park property are located in Waterbury. Since 1932, the City of Waterbury has made recreation a valuable part of the community's life. The City operates and maintains 31 parks and 4 recreation centers which include approximately 40 tennis courts, 35 softball and baseball fields, 3 city pools, and 2 city golf courses, plus the water-front Lakewood Park and swimming facility.

Programs and activities for all ages are available at four different locations throughout the city: River Baldwin Recreation Center, Chase Park House, North End Recreation Center, and Washington/William Tracy Park House. Each recreation facility serves a different area of the city's population. The city's recreation program for children consists of an after-school program, summer recreation program, and athletics. Adult and senior programs are also offered.

Bureau of Recreation

Virtual Programming

The Bureau of Recreation is providing resources and opportunities for our community to stay active and involved while at home. We collected resources to assist all ages in various activities; including athletics, sports, fitness, youth activities, and virtual tours. There are also resources to help learn board and card games, magic tricks, arts & crafts, and science experiments.

Check out our virtual programming on our website by clicking "Programs" at the top:
