

WATERBURY
Development Corporation

Notice of Scheduled Work

On Thursday November 21, 2019 at the intersection of East Main Street, North Elm Street, and South Elm Street water main repairs including: a line stop and three water valves. Dayton Construction Company Inc. will be performing the work alongside the City of Waterbury's Water Department. This work will be performed from 8:00 pm Thursday November 21, 2019 to 5:30 am Friday November 22, 2019. The attached map illustrates in blue the area of the water main that will be shut down. The red illustrates the buildings that will be without water during the shutdown. Please note that this work is weather permitting. Should the work need to be rescheduled another notice will be issued.

BUILDING WATERBURY'S FUTURE
