

Per Governor Lamont's executive order (N. 7J) to close all non-essential businesses commencing tonight at 8pm, the following downtown essential businesses (as deemed per his office) will remain open with potential modifications to their schedule and services. It is highly advised that you call in advance before heading out to confirm hours of operation as well as their ability to serve your needs. Please remember to follow the Governor's request that we Stay Safe, And Stay Home. Practice social distancing (6ft between people), wash hands for 20 seconds with soap, Cough inside your elbow, Cover your mouth and nose when coughing and/or sneezing. The quicker we follow through, the faster we can minimize the spread and significantly reduce the potential for a city-wide strain on our hospitals & health systems. For more resources to stop the spread and protect the community visit: <https://www.cdc.gov/coronavirus/2019-ncov/communication/factsheets.html>
